

Sage Fuentes

Hillsboro, Oregon | sageblufuentes@gmail.com | [LinkedIn](#) | [Portfolio](#)

Summary

Critical thinking-oriented researcher and analyst with 7 years of experience in human-subjects research across clinical, B2C, and tech industries. Expert in managing highly sensitive datasets and conducting research with unique and vulnerable populations.

Education

Master's in Human-Computer Interaction

Iowa State University, 2025

GPA: 3.9

Relevant Coursework: Research Design, Ethics, Qualitative Methods, Computational Perception

Key Projects: Social Bias in Downstream Tasks of LLMs, Social Media News Consumption & Emotional Well-being of Vulnerable Populations

Bachelor of Science in Psychology (Honors), Minor in Mathematics

Portland State University, 2019

GPA: 3.87 | Magna Cum Laude

Associate of Arts in Psychology

Fresno City College, 2014

GPA: 3.9 | Highest Honors

Associate of Science in Commercial Music

Fresno City College, 2014

GPA: 3.9 | Highest Honors

Certifications

Graduate Certificate in Applied Statistics

Portland State University, 2021

GPA: 3.87

Relevant Coursework: Regression Analysis, ANOVA, Bootstrapping, Statistical Consulting, Experimental Design, Nonparametric Methods

Graduate Certificate in Computer Modeling & Simulation

Portland State University, 2020

GPA: 3.81

Relevant Coursework: Machine Learning, System Dynamics, Agent Based Modeling

Academic & Research Experience

Research Assistant

Gender, Race, and Sexual Prejudice Lab, Portland State University | June 2020 - Oct 2022

- Designed and tested experiments around gender, race, and sexual prejudice.
- Created stimuli for an IAT study that reached publication in a peer reviewed journal.
- Large scale data collection and analysis of social media content around prejudiced language.
- Participated in peer review exercises with potential publications within PI's scope.

Research Assistant

Under Dr. Newsom & Dr. Smith, Portland State University | 2019

- Used Mplus and Python for binary simulation data resulting in acknowledgment in peer-reviewed publication.

Honors Thesis Research

Under Dr. Williams, Portland State University | 2018-2020

- Mixed methods thesis on subsets of the LGBTQ+ community and prosocial behavior.
- Independent funding provided by the 2019 Mamie Phipps Clark Diversity Research Grant.

Professional Experience

Statistical Consultant

Integrated Clinical & Correctional Services | June 2021 - Present

- **Database Architecture:** Engineered a secure, localized SQL database to digitize 15+ years of clinical records from fragmented digital and paper formats.
- **Data Sovereignty:** Maintained strict NIH-level security standards and ethical compliance for protected research subjects in a zero-leakage environment.
- **Technical Leadership:** Served as Lead Statistician for 7 national conference presentations, translating forensic data for expert practitioner audiences.

Data Analyst

Latitude | Oct 2022 - Apr 2024

- **B2C Analytics:** Principal analyst on 30+ large-scale user ad content studies on social reach and KPI metrics that directly increased partner business volume.
- **AI Integration:** Integrated and stress-tested proprietary LLM-based sentiment analysis tools into existing workflows to enhance data fidelity and insights.
- **Actionable Insights:** Synthesized qualitative and quantitative data into comprehensive reporting for stakeholder decision-making.

User Research Coordinator

Meta via Experis | Sep 2021 - Feb 2022

- **Complex Data Collection:** Coordinated 100+ in-person UX sessions utilizing VR hardware to capture multifaceted user data.
- **Cross-team Communication:** Acted as liaison for supervisory, developer, and onsite teams to bridge gaps in knowledge between teams.

Lead Alternative Formats Technician

PSU Disability Resource Center | June 2018 - Apr 2020

- **Team Leadership:** Co-supervised a team of 17, training new team members and expanding technical documentation to standardize remediation workflows and reduce operational ambiguity.
- **Compliance:** Managed the transliteration of digital materials for disabled populations under ADA and FERPA standards.

AVID Tutor

Beaverton School District | Jan 2018 – May 2018

- **Teaching:** Supported a supervising teacher in a tutorial education environment via Socratic Method of inquiry to foster interest in critical thinking in middle school students.

Editor

Fall of Home | Jan 2013 – Sept 2017

- **Editing and Primary Research:** Edited and created accessible materials regarding homeless rights and legal policy within the residing county.

Skills

- **Data Analysis & Stats:** R, Python, SQL, SPSS
- **Research & Design:** Survey Design (Qualtrics, Decipher), A/B Testing, Mixed Methods
- **Software & Compliance:** Microsoft Office Suite, Google Workspace; NIH, ADA, & FERPA Compliance
- **Core Competencies:** Technical Documentation, Training, Public Speaking, Conflict Resolution.

Grants

- Mamie Phipps Clark Diversity Research Grant, Psi Chi, 2019

Membership

- Member of Psi Chi, 2018
 - Treasurer of Psi Chi Portland State University Chapter, 2019
- Member of Phi Kappa Phi, 2018
